The holders of our Series "A" Preferred Stock are entitled to one vote per share, and vote alongside our Common Stock and not as a separate class. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.

The following tables set forth the ownership of our common stock and preferred stock by (a) each person known by us to be the beneficial owner of more than 5% of our outstanding common stock and preferred stock; and (b) by all of named officers and our directors and by all of our named executive officers and directors as a group. To the best of our knowledge, the persons named have sole voting and investment power with respect to such shares and are beneficial owners of the shares indicated in the tables, except as otherwise noted by footnote.

The information presented below regarding beneficial ownership of our voting securities has been presented in accordance with the rules of the U.S. Securities and Exchange Commission and is not necessarily indicative of ownership for any other purpose. Under these rules, a person is deemed to be a “beneficial owner” of a security if that person has or shares the power to vote or direct the voting of the security or the power to dispose or direct the disposition of the security. A person is deemed to own beneficially any security as to which such person has the right to acquire sole or shared voting or investment power within 60 days through the conversion or exercise of any convertible security, warrant, option or other right. More than one person may be deemed to be a beneficial owner of the same securities. The percentage of beneficial ownership by any person as of a particular date is calculated by dividing the number of shares beneficially owned by such person, which includes the number of shares as to which such person has the right to acquire voting or investment power within 60 days, by the sum of the number of shares outstanding as of such date plus the number of shares as to which such person has the right to acquire voting or investment power within 60 days. Consequently, the denominator used for calculating such percentage may be different for each beneficial owner. Except as otherwise indicated below, we believe that the beneficial owners of our common stock listed below have sole voting and investment power with respect to the shares shown.

(a) Security ownership of certain beneficial owners of our Common Stock by our named executive officers and persons who own 5% or more of our Common Stock:

Name and Address of Beneficial Owner	Number of Shares ⁽¹⁾	Percentage of Ownership ⁽¹⁾
Muhunthan Canagasooriam (President, Director and 5% or more beneficial owner) No. 12, Palm Grove Colombo 03, Sri Lanka	78,000,000(2)	85.60%

Global Equity International, Inc. Peter J. Smith (5% or more beneficial owner) X3 Jumeirah Bay, Office 3305 Jumeirah Lake Towers Dubai, UAE	4,703,559(4)	11.07%

(1) The numbers and percentages set forth in these columns are based on 41,116,654 shares of Common Stock outstanding and the shareholder’s respective beneficial ownership of 5,500,000 shares of Series “A” Preferred Stock outstanding. The number and percentage of shares beneficially owned is determined in accordance with Rule 13d-3 of the Securities Exchange Act of 1934, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rule, beneficial ownership includes any shares as to which the security holder has sole or shared voting power or investment power and also any shares, which the security holder has the right to acquire within 60 days.

(2) Includes 5,000,000 shares of Series “A” Preferred Stock, each share of which is convertible into 10 shares of Common Stock. In accordance with Rule 13d-3, these 5,000,000 shares of Series “A” Preferred Stock equate to 50,000,000 shares of Common Stock. These 50,000,000 shares are included in both the numerator and denominator for purposes of calculating Mr. Canagasooriam’s beneficial ownership in the Company’s voting securities.

(3) Includes 3,840,000 shares of common stock registered in the name of Spearfish Capital Group Limited, and 20,000 shares of common stock registered in the name of Yenom (Pvt.) In accordance with Rule 13d-3, these 363,400 shares of Series “A” Preferred Stock equate to 3,634,000 shares of Common Stock. These 3,634,000 shares are included in both the numerator and denominator for purposes of calculating Dr. Gnaga Kosala Bandara Heengama’s beneficial ownership in the Company’s voting securities.

(4) Includes 136,600 shares of Series “A” Preferred Stock, each share of which is convertible into 10 shares of Common Stock. In accordance with Rule 13d-3, these 136,600 shares of Series “A” Preferred Stock equate to 1,366,000 shares of Common Stock. These 1,366,000 shares are included in both the numerator and denominator for purposes of calculating GEP Equity Holdings Limited’s and Peter J. Smith’s beneficial ownership in the Company’s voting securities.

(5) Includes 20,000 shares of common stock registered in the name of Yenom (Pvt.) Limited, which are beneficially owned by Dr. Gnaga Kosala Bandara Heengama and Gregory Scott Newsome, who share voting and dispositive power over such 20,000 shares of common stock. In accordance with Rule 13d-3, these 363,400 shares of Series “A” Preferred Stock equate to 3,634,000 shares of Common Stock. These 3,634,000 shares are included in both the numerator and denominator for purposes of calculating Gregory Scott Newsome’s beneficial ownership in the Company’s voting securities.

**THE APPROVAL OF AN AMENDMENT TO OUR ARTICLES
OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF OUR COMMON STOCK**

ACTION NO. 1

Overview

The Company currently has authorized 90,000,000 shares of Common Stock. On December 22, 2017, our Board of Directors and the shareholders holding a majority of the voting rights in the Company, approved an amendment to the Articles of Incorporation to increase the number of outstanding shares of our Common Stock to 400,000,000.

REASONS FOR ACTION NO. 1

The Company believes that it would be prudent to have the additional authorized shares of Common Stock in order to allow conversion of debt securities and/or accounts payable into shares of Common Stock and for rewarding management, advisors and personnel for their efforts on behalf of the Company. The Company does not currently have any convertible debt securities outstanding nor do we have any current specific plans or proposals to issue any of the newly authorized shares of Common Stock for conversion of debt securities and/or accounts payable. The Company does not have any specific plans to issue any of the newly authorized shares of Common Stock for rewarding management, advisors and personnel for their efforts on behalf of the Company.

DILUTIVE EFFECT OF INCREASING OUR AUTHORIZED SHARES OF COMMON STOCK AND ISSUING A SUBSTANTIAL NUMBER OF NEWLY AUTHORIZED SHARES UPON CONVERSION OF DEBT SECURITIES AND/OR ACCOUNTS PAYABLE, AND/OR AS REWARDS TO THE COMPANY'S MANAGEMENT, ADVISORS AND PERSONNEL

In the event that the Company were to issue a substantial number of newly authorized shares of our Common Stock upon conversion of debt securities and/or accounts payable, and/or as rewards to the Company's management, advisors and personnel, our shareholders would suffer from substantial percentage dilution to their shareholdings in our Company.

AUTHORIZED SHARES OF COMMON STOCK AVAILABLE FOR FUTURE ISSUANCE

Since the Company is increasing the authorized shares of Common Stock, the Company will have more authorized (but unissued) shares to issue in the future. The additional shares of Common Stock that will become available for issuance could be used by our management to oppose a hostile takeover attempt or delay or prevent changes of control or changes in or removal of management, including transactions that are favored by a majority of the shareholders or in which the shareholders might otherwise receive a premium for their shares over then-current market prices or benefit in some other manner. Although the increase in our authorized Common Stock has been prompted by business and financial considerations, shareholders nevertheless should be aware that approval of the proposal could facilitate future efforts by our management to deter or prevent a change in control of the Company.

NO APPRAISAL OR DISSENTER'S RIGHTS

Under Nevada Law, shareholders are not entitled to appraisal or dissenter's rights with respect to the proposed amendment to the Articles of Incorporation to effect an increase in our authorized Common Stock and we will not independently provide shareholders with any such right.

POTENTIAL ANTI-TAKEOVER EFFECT

Although the increased proportion of authorized but unissued shares to issued shares could, under certain circumstances, have an anti-takeover effect (for example, by permitting issuances that could dilute the stock ownership of a person seeking to effect a change in the composition of the Board of Directors or contemplating a tender offer or other transaction for the combination of the Company with another company, the increase in our authorized Common Stock is not being undertaken in response to any effort of which the Board of Directors is aware to accumulate shares of the Common Stock or obtain control of the Company. The Board of Directors does not currently contemplate the adoption of any other amendments to the Articles of Incorporation that could be construed to affect the ability of third parties to take over or change the control of the Company.

Release No. 34-15230 of the Staff of the Securities and Exchange Commission requires disclosure and discussion of the effects of any shareholder proposal that may be used as an anti-takeover device. However, the purpose of the increase in our authorized Common Stock is to have additional shares available for issuance upon conversion of debt and equity securities into shares of Common Stock and as compensation to reward the Company's management, advisors and personnel, and not to construct or enable any anti-takeover defense or mechanism on behalf of the Company. While it is possible that management could use the additional shares to resist or frustrate a third-party transaction providing an above-market premium that could favored by a majority of the independent shareholders, the Company has no intent or plan to employ the resulting additional unissued authorized shares as an anti-takeover device.

Approval of Action No. 1

The Majority Shareholders have approved the amendment to our Articles of Incorporation to effect an increase of our authorized shares of Common Stock to 400,000,000 shares. The number of shares voted to approve the plan was sufficient under Nevada corporate law.
